1. [9: NATIONAL INSTITUTE ON DEAFNESS AND OTHER COMMUNICATION DISORDERS \(NIDCD\)](#)

The NIGMS supports research and research training in the basic medical sciences and related natural and behavioral sciences and in specific clinical areas (i.e., clinical pharmacology, trauma and burn injury, sepsis and anesthesiology). The NIGMS also supports health-related research that is otherwise not assigned to another of the PHS components. The three divisions and one center that support re ...

2. [15: NATIONAL HEART, LUNG, AND BLOOD INSTITUTE \(NHLBI\)](#)

The NHLBI plans, conducts and supports research, clinical trials and demonstration and education projects related to the causes, prevention, diagnosis and treatment of heart, blood vessel, lung, and blood diseases and sleep disorders. It also supports research on the clinical use of blood and all aspects of the management and safety of blood resources. The NHLBI SBIR/STTR program fosters basic, ap ...

3. [16: NATIONAL HUMAN GENOME RESEARCH INSTITUTE \(NHGRI\)](#)

The successful completion of the HGP in 2003 set the stage for making use of the immense potential inherent in knowledge of the complete DNA sequence of the human genome to be applied for the improvement of human health and well-being. In an effort to outline a path forward, the Vision Document (Nature 422,835-847 (2003)) broadly outlined three areas that need to be addressed: (1) elucidating the ...

4. [17: NATIONAL INSTITUTE OF MENTAL HEALTH \(NIMH\)](#)

The mission of the National Institute of Mental Health (NIMH) is to transform the understanding and treatment of mental illnesses through basic and clinical research, paving the way for prevention, recovery, and cure. Mental disorders constitute an immense burden on the U.S. population, with major depression now the leading cause of disability in the U.S., and schizophrenia, bipolar disorder, and ...

5. [18: NATIONAL INSTITUTE ON MINORITY HEALTH AND HEALTH DISPARITIES \(NIMHD\)](#)

The mission of the National Institute on Minority Health and Health Disparities (NIMHD) is to promote minority health and to lead, coordinate, support, and assess the National Institutes of Health (NIH) effort to reduce and ultimately eliminate health disparities. In this effort, the NIMHD conducts and supports basic, clinical, social and behavioral research, facilitates the development of research ...

6. [19: NATIONAL INSTITUTE OF NEUROLOGICAL DISORDERS AND STROKE \(NINDS\)](#)

The mission of NINDS is to reduce the burden of neurological disease—a burden borne by every age group, by every segment of society, by people all over the world. To this end, the Institute supports and conducts research on the healthy and diseased brain, spinal cord, and peripheral nerves. Hundreds of disorders afflict the nervous system. Common disorders such as stroke, epilepsy, Parkinson's ...

7. [20: NATIONAL INSTITUTE OF NURSING RESEARCH \(NINR\)](#)

The National Institute of Nursing Research (NINR) supports research focused on biological and behavioral aspects of critical health problems that confront the Nation. Emphasis is on seeking ways to reduce the burden of illness and disability by understanding and easing the effects of acute and chronic illness, improving health-related quality of life by preventing or delaying the onset of disease ...

8. [21: NATIONAL CENTER FOR RESEARCH RESOURCES \(NCRR\)](#)

NCRR provides laboratory scientists and clinical researchers with the environments and tools they need to understand, detect, treat, and prevent a wide range of diseases. This support enables discoveries that begin at a molecular and cellular level to move to animal-based studies, and then are translated to patient-oriented clinical research, resulting in cures and treatments for both common and rare ...

9. [22: NATIONAL CENTER FOR COMPLEMENTARY AND ALTERNATIVE MEDICINE \(NCCAM\)](#)

The mission of the National Center for Complementary and Alternative Medicine (NCCAM) is to explore complementary and alternative healing interventions in the context of rigorous

science; educate and train complementary and alternative medicine (CAM) researchers; and disseminate authoritative information to the public and professionals. CAM encompasses those healthcare and medical interventions th ...

10. [23: NATIONAL LIBRARY OF MEDICINE \(NLM\)](#)

The National Library of Medicine (NLM) offers support for research and development projects in biomedical informatics. NLM defines biomedical informatics as the science of optimal organization, management, presentation and utilization of information relevant to medicine and biology. The informatics projects of interest to NLM involve the application of computer and information sciences to informat ...
